EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Victor Kernus on 1/29/07.

The application has been amended as follows:

Claim 1, line 10, after the word "element", ---slidably--- is inserted therein

Claim 1, line 10, after the word "mounted", ----over an upper edge of the front

wall--- is inserted therein

Claim 1, lines 13-14, the phrase "one of the front and rear walls" is deleted and replaced with ---the front wall---

Claim 3, line 10, after the word "element", ---slidably--- is inserted therein

Claim 3, line 10, after the word "mounted", ----over an upper edge of the front

wall--- is inserted therein

Claim 3, line 12, the phrase "one of the front and rear walls" is deleted and replaced with ---the front wall---

Claim 5, line 10, after the word "element", ---slidably--- is inserted therein

Claim 5, line 10, after the word "mounted", ----over an upper edge of the front

wall--- is inserted therein

Claim 5, lines 12, the phrase "one of the front and rear walls" is deleted and replaced with ---the front wall---

Claim 19, line 2, after the word "comprising:" ---providing a shelving unit, including front, rear, bottom, and opposing side walls, for supporting food items in the refrigerator;--- is inserted therein

Claim 19, line 3, the phrase "positioning the food items" is changed to --positioning food items---

Claim 19, lines 3-4, the phrase ", having front, rear, bottom and laterally spaced side walls" has been deleted

Claim 19, line 4, the phrase "movably attached to" has been deleted and replaced with ---slidably supported on an upper edge of the front wall of---

Claim 19, line 9, the phrase "one of the front and rear walls" is deleted and replaced with ---the front wall---

Claim 21 is canceled.

The following is an examiner's statement of reasons for allowance: Claims 1, 3,
 and 19 as now amended include a refrigerator divider that is slidably
 mounted/supported over an upper edge of the front wall of a shelving unit and a biasing

element closely adjacent to the front wall. US Patent 4,770,314 to Giesler teaches a refrigerator divider element that slides on a track on the inside of the front wall. US Patent 6,409,028 to Nickerson teaches a biasing element with divider that slides in a track along a side wall as seen in figure 9. US Patent 5,765,390 to Johnson teaches a divider element slideably mounted over a rear wall as seen in figures 4-6. The novelty of the applicant's invention lies in the fact that the biasing element does not require a track. The combination of Giesler in view of Nickerson would require a track along the front wall in order for the biasing element to function. While Johnson does teach the use of a biasing element slidebaly mounted over an upper edge of a wall, making a modification of Giesler in view of Nickerson would destroy the structure required for the biasing element to function.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy M. Ayres whose telephone number is (571) 272-8299. The examiner can normally be reached on MON-THU 8:00 - 5:00.
